Hello:

My name is Dalton Herzig, I am the owner and Pharmacist at Park West Pharmacy in Little Rock, AR. I am contacting you, because your name was given to me by Holly Cloclasure. I am looking to help the transgendered community, even though COVID has made that greatly difficult to do so. I have put together an initiative to help with drug costs with HRT which I have attached to this email. Also, if you know of any other way that my resources, time, or money can be of help to the community I would greatly appreciate some insight.

If you would like to discuss in further detail my goals or ambitions, or what makes Park West Pharmacy Trans friendly, please feel free to contact me at any time at [redacted] or by E-mail.

Thank you for your time and consideration,
Dalton Herzig
Owner/Pharmacist Park West Pharmacy.
