

# 10:33 INITIATIVE

ALL-IN TO HELP ARKANSANS

## Uniting Arkansas to Help Arkansans Move from Crisis to Career

Arkansans in crisis impact our schools, businesses, and communities. Governor Sanders' 10:33 Initiative brings together agencies and leaders to help Arkansans overcome barriers and secure full-time employment.

**Stronger Workforce:**  
*More Arkansans equipped for full-time jobs.*

**Thriving Communities:**  
*Families restored, reducing reliance on crisis systems.*

**Business Impact:**  
*A larger, more stable talent pool for Arkansas employers.*

## How Businesses Can Invest

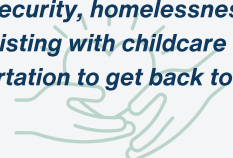

### INVEST IN COMMUNITY INFRASTRUCTURE

*So that Arkansans are provided a support team that provide compassion and accountability as they help participants move from crisis to career.*

### INVEST IN A MERCY FUND

*Help families with basic needs, reducing food insecurity, homelessness, and assisting with childcare or transportation to get back to work.*

**Join us.  
Together we can  
restore hope  
for Arkansas families  
and build a stronger  
workforce for  
our state.**
